URBAN RENEWAL OF CRECCHIO CASTLE

The project of "urban renewal area and panoramic viewpoint of Crecchio castle" concerned the urban area located at the entrance of the historic centre of Crecchio (Ch).

The main aim of the intervention was to give full breath to the Ducal Castle and to give back to the town's community a space completely enjoyable, removing the parking lots under the walls of the castle and lining the whole area at the same level.
With a unique square, all at the same level, the entire space became more ample, usable and more accessible for people with disabilities thanks to the elimination of the architectural barries.
The area at the entrance of the town now start again to have a social function for the execution of events, and becomes a strategic viewpoint for the ducal castle and for the natural beauties of the surrounding territory like: Maiella, Gran Sasso and Abruzzo's wonderful hills.
